About Consumer Information Payload Addresses by Country

The following topics identify the address fields in the consumer information payload that appear in the lightbox. The format of a field is constrained by the lightbox, which may be more restrictive than what is allowed in the payload.

See *Visa Checkout Integration Guide* for more information about address fields in the consumer information payload.

Note

The payload may contain other address fields that are not displayed in the lightbox, such as `verificationStatus` and, for shipping addresses, `id`.

Argentina

The screenshot shows the VISA Checkout lightbox for Argentina. The title bar is blue with the VISA Checkout logo and a close button. The main heading is "Dirección de envío". The form fields are as follows:

- Ciudad (City)
- Estado/Provincia (State/Province)
- Código postal (Postal Code)

At the bottom, there is a yellow "Continuar" (Continue) button. Below the button, there is a small text note: "Sigüente: Introduzca sus datos de pago. No se preocupe, podrá modificarlos más adelante."
